MEATER Plus

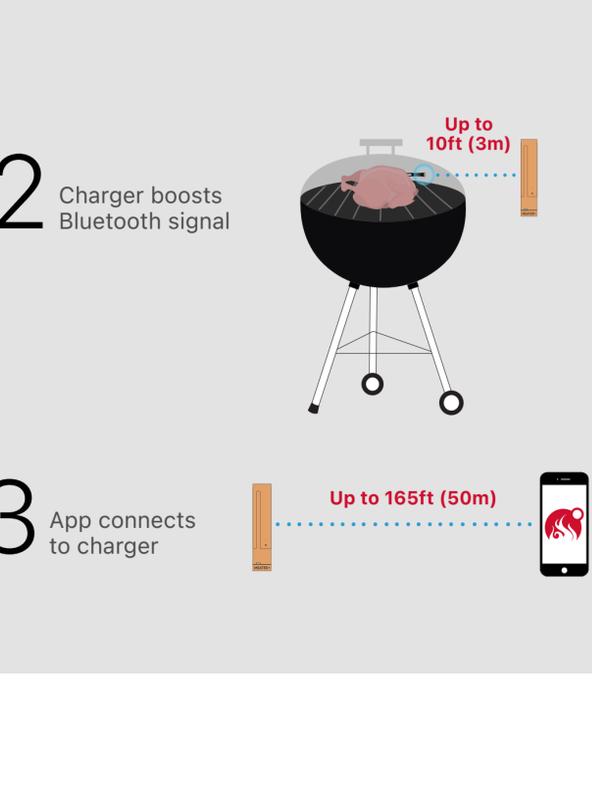

MEATER

HOW IT WORKS

Outdoor grills, smokers, and heavy duty ovens reduce the range of radio signals when closed. With MEATER+, the charger repeats the signal to your smart device for extended range!

MEATER Plus Range

MEAT THE APP

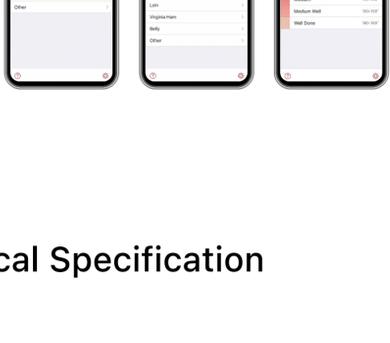

Estimate Cook Time & Receive Alerts

Know when your meat will be ready and manage your time better. Check your cooking status and get notified anywhere your smart device has internet connection.

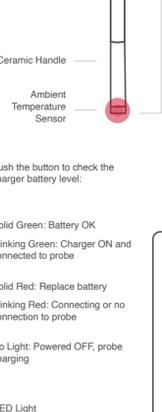

Guided Cook

Select your protein and get your cook started without the guesswork.
